BIOLOGICAL
RESOURCE
CENTRE

Providing support and services for marine biological research and innovation

Who we are

A service provider offering access to marine biological resources, services, and equipment across Europe in support of fundamental and applied research, R&D, and innovation

Where we work

EMBRC offers services in 9 countries (Belgium, France, Greece, Israel, Italy, Norway, Portugal, Spain, United Kingdom), covering 45+ marine stations and institutes

What we value

Quality and reproducibility in science; the highest ethical standards for working with living organisms; 'FAIR' (Findable, Accessible, Interoperable and Reusable) data principles; flexibility and meeting user needs
